SYMBA & SYMBIO FINAL EVENT

Join us in Brussels for the SYMBA & SYMBIO Joint Final Event

December 3rd 2026 9:00 • 14:00

Lombardy Green Chemistry Association Brussels Offices
Place du Champ de Mars 3, B-1050 Bruxelles, Belgium.

After 3 years of research, collaboration and exchange across Europe, **SYMBA and SYMBIO are reaching their final chapter.** We are pleased to invite you to Brussels to celebrate this milestone together and to share the results, insights and perspectives emerging from both projects.

The **Joint SYMBA & SYMBIO Final Event** will bring together project partners, researchers, industry representatives, policymakers and other stakeholders to reflect on the progress made towards a more circular and resource-efficient European industry.

Throughout the event, we will explore the key results and lessons learned from both projects, discuss how their findings can contribute to the development and uptake of industrial symbiosis, and exchange views on the opportunities and challenges that lie ahead.

The programme will feature:

- Key results and achievements from SYMBA and SYMBIO;
- Insights from industry and other key stakeholders;
- Policy perspectives on the future of industrial symbiosis in Europe;
- Discussion and exchange on how project results can support future action;
- The SYMBA & SYMBIO Award, recognising contributions to the advancement of industrial symbiosis.

The event will also be an opportunity to meet the people behind the projects, exchange experiences and ideas, and celebrate the collaborations that have helped turn research and innovation into concrete knowledge and solutions.

We would be delighted to welcome you in Brussels and share this important moment with you.
We look forward to meeting you in Brussels and celebrating the achievements of SYMBA and SYMBIO together.

Warm regards,
The SYMBA & SYMBIO Teams
